

## I. Students are being asked questions about the tools and screen components of the Tux Paint program. Help the students to give the correct answers to their teacher.

This Tux Paint screen component contains drawing and editing tools.

.....

This tool allows you to paste pictures on the canvas, like stamps or stickers.

.....

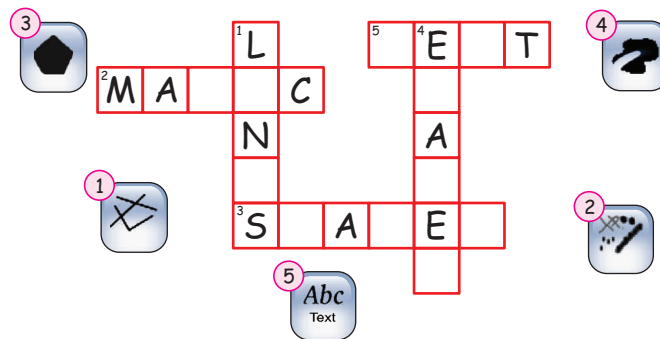

This tool allows you to draw freehand using the various brushes.

.....

## II. Solve the crossword puzzle with the help of the picture clues.

## III. Identify the drawing portion and match it with the tool. The first one has been done for you.
